Cutchogue, L. I., N. Y., January 27th, 1938

Greetings to all my Friends and Customers:

Please accept this, my new Price List and Catalog. with my very best wishes for the year of 1938.

I am striving all the time to secure the very best strains of seed and to raise the very best plants that can be grown, and only hope that this shows in your gardens and fields.

Your success means everything to us. Wishing you all a very Happy and Prosperous Year, I remain,

Sincerely yours,

RALPH W. STERLING.

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz., and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 8c for the first lb. and 1c for each additional lb. of your order, allowing 2 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 8c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE:—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

If you cannot use this catalog or receive more than one will you kindly pass it on to someone interested. Thank you.

NOTICE—I do not warrant in any way, express or implied, the description, quality, productiveness, or any other matter pertaining to any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop.

However, all complaints are carefully looked into and I try to adjust them satisfactorily to all.

SEED DEPARTMENT

"Burpee's Seeds grow and are the best that grow." We carry Burpee's Garden and Flower Seeds and you can purchase them from us as reasonable as you can get them elsewhere.

"STERLING STRAIN"

Follow the mark of "Sterling". We are always looking for the best strains of seed and where we find a superior one we place the sign of "Sterling" on it thus (S). All other seeds listed are direct from Burpee unless otherwise noted.

ASPARAGUS SEED

MARY WASHINGTON. Re-selected, Pedigreed Seed. The only kind of asparagus to raise. Blight proof, of highest quality and heaviest yield. Pkt., 10c; 1 Oz., 20c; ¼ Lb., 75c; Lb., \$2.50. Postpaid.

We have Mary Washington, 1 year old roots, for sale this Spring, grown from Re-selected Seed.

See page 46 for prices on Asparagus Roots.

HYBRID SWEET CORN

We are carrying two of the best Hybrid or Top Cross varieties of Sweet Corn this year and are pricing it within reason so that all may use it and see for themselves how prolific and disease free it is. Many state it yields double what the standard varieties do. Do not try to save the seed from these varieties as they will not come true but have to be bred and crossed each year. Both kinds are Stewarts Wilt Resistant.

Am again wishing to place my order for Blue Ribbon Sprout seed for the coming year. I would like 6 oz. shipped April 1st, 1938. I had a fine crop for 1937 and I sold over \$600.00 worth off them and could have sold more could I have had more help to pick them. I had about 15,000 plants set, which I think you will agree was not too bad returns considering the poor crop season.

MRS. W. J. E., Bovina, N. Y.

Have one acre of your Blue Ribbon Brussels Sprouts and have shipped 150 large sized crates. I planted them on my best land and gave them 2 ton of 5-8-7 fertilizer and 2 ton of lime. Find you have to feed Brussels Sprouts plenty if you want to get a good crop. I will want 4 oz. Blue Ribbon seed for next year.

J. V., Arkville, N. Y.

PEAS

THOMAS LAXTON, BLUE BANTAM, LITTLE MARVEL, WYOMING WONDER, CARTER'S DAISY and TELEPHONE are the gardener's favorites for table use and for canning. Sow these six kinds together and they will follow each other through the season.

World's Record, Gradus, Thomas Laxton and Laxton Progress are the four kinds used for market. The prices quoted below for bushel lots are cash prices. Add 50 cents per bushel for time. Even though Peas do not pay as a market crop, the vines make fine green manure for Cauliflower, Brussels Sprouts and late Limas.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice.

Terms strictly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

In sowing Timothy alone without Clover use 15 to 20 Lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

All our Clover and Alfalfa Seed, grown in the Northwest, U. S. A. Special prices on bag lots. Ask us about them.

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, re-cleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal, Vigoro or our Rasin Brand fertilizer. Use three inches of top soil or humus if too light.

Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

We will do your grading and seeding for you at a very reasonable cost. We would appreciate a chance to figure on your job.

A beautiful lawn grown from Sterling Lawn Grass Mixture

LAWN GRASS SEED

	5 Lbs. and Over Per Lb.	1 Lb. to 4 Lbs.

Jamaica, N. Y.

Your kind letter to hand, for which attention please accept my thanks. You may be interested to know that the gladioli bulbs which you sold me created a sensation up in Vermont, they were the finest flowers the Vermonters ever gazed at, and I am going to give you a few new customers for the gladioli next spring.

DR. B. H. M.

Mattituck, N. Y.

Two years ago this coming spring I purchased 100 Newburgh raspberry plants from you. Only one of those plants failed to thrive, although neighbors, who set out "imported" plants about the same time, lost the larger part of theirs.

Last summer I picked from those 100 plants all the berries we could use and can, gave quite a few boxes away, and sold between \$40 and \$50 worth. It seems to me that was a pretty high return—even on such a good investment.

The plants I bought from you last spring promise to do equally well.

MARY WASHINGTON. 2-year-old roots30	1.50	12.00
--	-----	------	-------

Set out Sterling Grown Roots this year, about six inches below the surface of the ground, cover with two inches of soil. As the plants grow up, fill trench with well-rotted manure and more soil, and some good garden fertilizer on top of that. Do not put fertilizer next to any kind of root or plant if you want them to live.

If properly taken care of you can cut your bed the following Spring until June 1st, letting it grow up after that and giving it more manure, feeding it well after letting it grow up.

Sulfocide is a powerful summer fungicide—at low cost—for fruits, vegetables and flowers. When sprayed, it quickly decomposes, leaving a film of sulfur so fine as to be almost invisible except where drops accumulate.

1 Qt. makes 50 Gals. of spray.
1 Gal. makes 200 Gals. of spray.

Add ½ Lb. Kayso to each 50 Gals. of spray, putting it in the tank first.

SCALECIDE

THE COMPLETE DORMANT SPRAY

"Makes a Tree Outgrow Its Troubles"

Fall spraying with Scalecide controls psylla and peach leaf curl. Spring application controls aphids, pear thrips, leaf miner, case bearer and leaf roller. Either fall or spring spraying with Scalecide controls scale, bud moth, European red mite, fungus or blight cankers from which are spread fire blight, collar rot and root rot. And in addition, year after year use of Scalecide invigorates the trees.

REAL ESTATE DEPARTMENT

I have many very choice lots, plots, houses, bungalows and farms to sell and can give you as good or better value for your money as can be secured anywhere, when you consider location, nearness to bays and creeks where the fishing, crabbing, clamming, boating and bathing are unexcelled. If you want proof of the attractiveness of this location ask some of the people who have bought of me. I will be pleased to furnish anyone interested with their names and addresses.

NASSAU FARMS

A 60-acre development of my own, overlooking Little and Great Peconic Bays and lying between Baldwin's Creek on the west and Little Creek on the east. I have many beautiful lots bordering on Baldwin Creek or with free access to both of them and to the bay. Sterling Road and Pine Tree Road are now owned by the town.

There are 24 nice homes already built at Nassau Farms and several more contemplated in the Spring.

Lots on the water average about 70 ft. in frontage and about 250 ft. deep and are priced very reasonable.

Lots facing on Lilac Lane and Sterling Road are good sized lots and are priced very reasonable. We are digging a channel along Baldwin's Creek to make it a good harbor for small boats.

A 7½-acre tract with a large pond on it with island and bridge, windmill with running brook and pool, stone fireplace, in the natural setting of oaks and cedars. Price on this only \$6,500. Terms to suit.

A 4-acre plot with 200 ft. frontage on Baldwin's Creek and wide frontage on Bay Avenue would make a wonderful estate. Large trees.

A 5-acre plot with 70 ft. frontage on road and 20 ft. on creek.

All priced at very reasonable prices.

A large map showing location, size and price of all the above lots and plots can be had for the asking. Write for one.

HURRICANE HALL

The old Horton House, built over 200 years ago, has been remodeled and is ready for occupancy.

The house contains kitchen, pantry, dining room, living room, lavatory, entrance hall and many closets downstairs, and three bedrooms with large closets and a bathroom upstairs. All the rooms are bright, attractive and cool in the summer. A screened-in porch on the south side overlooking Baldwin Creek and Peconic Bay.

There is a cellar equipped with electric pump, pressure tank, hot water tank and stove. The house is wired for electricity. A large stone fireplace is in the living room. Brass piping throughout.

Would be pleased to show anyone who is interested through the house.

This house can be bought with from $\frac{1}{2}$ acre of land up to $5\frac{1}{2}$ acres as desired. The 70 feet of water front is being improved and deepened.

STERLING INLET

Three large lots at Nassau Point Nos. 224-225-226. These lots front on Wunnewetta Pond and there is good water from there into Peconic Bay. Each lot has over 100 ft. frontage on the water and a depth of over 300 ft. Covered with oak trees and a small pond in the center of the plot. This could be landscaped and made into one of the finest spots on Nassau Point. There is a shell road through the center of the plot. Priced very reasonable. Good terms can be arranged. The three lots to be sold in one large plot only, not separate.

CARRINGTON PARK

Ten large lots at Nassau Point, each having more than 100 ft. frontage on Little Peconic Bay Road, Vanston Road or Sunset Road. These lots are well wooded, high and cool and are only a few feet from a road leading directly to Wunnewetta Pond. Here is a good harbor for boats and a direct channel to Peconic Bay.

Meadow Road leading to the Cove runs through some of these lots. There is very good bathing and boating here as the cove is the best harbor there is around.

The first lot sold at Carrington Park will be priced at \$700.00. Now is your chance to pick up a good sized lot in a restricted neighborhood for little money. Terms to suit.

BRIAR PATCH

Lots as low as \$250.00 each in this development on Eugene's Creek. Other lots on Harbor Road at \$400.00.

Would be pleased to show anyone interested in any of the above described lots, and convince you that you can get full value for your money when you purchase of me.

OTHER LISTINGS

I have a Real Estate Broker's license and have many fine properties listed for sale and for rent.

I am acquiring and listing more property all the time. If you do not see what you want listed, write to me and tell me just what you do want. I may be able to help you.

12 acres on Long Island Sound with 470 feet frontage on the water. The owner will sell the whole piece or in small parcels.

Club House Grounds at Nassau Point overlooking both Bays. This would make a wonderful estate. 200 feet on Peconic Bay and 30 feet on Wunnewetta Pond could go with this property if desired.

168 feet frontage on Peconic Bay. About 6 acres heavily wooded land with a small bungalow on the shore.
